Description of Live in Carer

We are looking for caring, hard-working individuals to train to be Eniola Care Ltd Carers. In addition to being an emotionally rewarding career, our live-in carers earn between £450 and £600 per week with free room & board.

Role.

Working as a live-in carer is an opportunity to help people live independent fulfilling lives, helping them remain in their own home when they may not be able to look after themselves. As a live-in carer, you'll live with your client, giving them as much help and care as they need while enabling them to live as independently as possible. Your role will also include:

Personal Care

Medication

Moving and Handling

Continence Management

Cooking and Housekeeping

Most importantly, as a live-in carer, you are there to offer your client companionship, so they have stimulation, someone to talk to, someone to play cards with, or just the knowledge that there is someone else there.

We know that this work sounds tough, but it is so rewarding. And we thoroughly assess our clients, the tasks they want their carers to carry out, living conditions and the carer's break times. This assessment makes sure that the workload and conditions are suitable for a live-in carer.
